

# FL PLUS beacon

## PRODUCT FEATURES

- Flashing light function
- High warning effectiveness
- Robust, high quality product
- Life time of LEDs:  
up to 30,000 h\*

The FL PLUS is a new, compact flashing LED beacon. It is the enhancement of LED to the well known KL 700 halogen beacon series. No moving parts are required for the LED functions – so no wear and maximum reliability. Since LEDs are maintenance-free, they do not cause any additional costs for spare parts or maintenance. Downtime is reduced to a minimum.

FL PLUS – Advanced LED Technology, amber | 10 – 30 V  
Part number: **2XD 014 958-111**

\*acc. LED manufacturer specification; depending on operating conditions the life time can vary.
